Dear Mr. Mehta

Subject: Support for CUTS Project on Consumer Broadband Labels

Greetings,

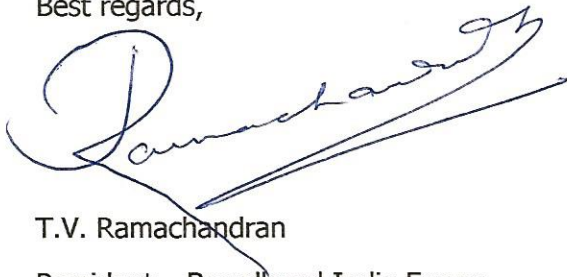

On the basis of our multiple discussions on the subject, we are pleased to confirm our forum's support for CUTS project on 'Consumer Broadband Labels'.

We at the Forum are of the opinion that the CUTS intervention is quite timely and would go a long way in creating an ecosystem based on transparency and choice to the consumers.

As part of our support, we would be engaging with CUTS as per the agreed proposal annexed with this letter.

We look forward to working with you in making this project successful.

Best regards,

T.V. Ramachandran

President – Broadband India Forum

Annexure – CUTS-BIF Partnership Proposal dated May 25, 2017
