Subject : Prayer for assistance for working on Non-Conventional / Renewable Energy

Dear Sir,
Greetings from Aragati!

We beg to state that Aragati is a Regd. Non-profit making CSOs and working for the marginalised & down trodden people for more than three decades of Amta - I, Amta - II & U.N. Pur Blocks of Howrah District. We are already involved in Total Sanitation Campaign (TSC), SHGs works and have been running NCLP School and working for Sustainable Agricultural Development, Public Health, Environment Development, Revival of Folk Culture and Spreading of Education, Consumer Awareness, Consumers Assistance Cell, (CONASC) etc.

Recently, our project co-ordinator Mr. Mustak Ali Mondal attended the state level training workshop on Renewable Energy. Dr. S.P. Gon Chowdhury Green Oscar Award winner, Dr. Duke Ghosh, Prof. Jadavpur University and Mr. J. Chakraborty, WBREDA, expert Engineer(s) from WBSEDCL & CESC were present as a facilitators in the above training workshop (certificate & some materials enclosed). We feel that it is a great scope in our remote areas for working on Renewable Energy.

It is really a noble idea as the demand for electricity is increasing by leaps and bounds and it is not possible to meet this increasing demand electricity as well as the stock of coal is being exhausted which is a serious problem for generation of electricity. Savings of electricity would also be ensured if non. Conventional power is generated and used in the country.

We like to organised Awareness Camps with the SHGs, like minded selected CSOs & PRI representatives of Amta - I, Amta - II and U.N. Pur Blocks of Howrah District.

We have an earnest desire to work on Renewable Energy for which we seek your assistance and advice and the people of this area will be benefited to a great extent for working on Renewable Energy.

Hope your kind assistance and co-operation in this matter.

With best regards.

Yours faithfully

(Tapan Mandal)
Secretary
