*Questionnaire*

*Instructions: The interviewees may not readily know about many of the concepts/subjects being asked in the questionnaire. Therefore, the interviewers need to explain, elaborate, and provide real-life example whenever necessary. Please also prompt and probe wherever appropriate.*

*Additional comments by interviewee should be encouraged and carefully noted by the interviewer. The space given in the questionnaire does not limit the length and scope of the answers.*

INTRODUCTION

I am \_\_\_\_\_ from \_\_\_\_\_.  
We are working to document the views of businesspersons, consumers and policy-makers on the state of competition in different markets in Mozambique. The main areas of focus are anti-competitive practices prevalent in the market.

**Anti-competitive practices** are mainly of the following types:
