

AGENDA

India Competition and Regulation Report 2023

National Reference Group Meeting April 2022

Background:

The forthcoming edition of ICRR 2023 is proposed to focus on contemporary regulatory and competition issues in the healthcare sector. Within the health sector, the edition will look into: healthcare services; pharmaceuticals; medical devices; pathology; medical education; medical insurance; global issues (like equitable access to vaccines, reform of international health regulation etc.); preventative health care (such as food safety, road safety etc.); and AYUSH (Ayurveda, Yoga and Naturopathy, Unani, Siddha, and Homoeopathy). This will be done by identifying contemporary regulatory and competition concerns that hinder access to healthcare and make recommendations.

Agenda For the Meeting :

The First meeting for the National Reference Group (NRG) will be held in April 2022. For this meeting the NRG will meet for the first time virtually and take on these responsibilities:

- Introduction to the ICRR 23
 - Discussion on the Proposed Chapter Plan for the ICRR 23.
 - Discussion on potential authors and Contributors for ICRR 23.
 - Discussion on timeline for the ICRR 23.
 - Discussion on the Next steps for the report and NRGs next meeting.
-
