Founder
Cashless Consumer

ASHEETA REGIDI
Associate Director, Policy
Cashfree Payments

MANDAR KAGADE
Founder & Principal
Black Dot Public Policy Advisors

Digital transactions in India have risen manifold in the past few years. However, the stringent deadline of the RBI circular dated September 07, 2021, 'Tokenisation – Card Transactions: Permitting Card-on-File Tokenisation (CoFT) Services', read with the 'Guidelines on Regulation of Payment Aggregators and Payment Gateways,' may derail this spiralling growth and potentially be detrimental to consumers.

This roundtable aims to facilitate multi-stakeholder engagement and bring forth their perspective on the multi-faceted issues arising from these circulars. A few specific issues that shall be covered include the following:

- Status of preparedness of the card-based digital payment chain and ecosystem.
- Consumer-facing concerns emanating from operationalisation in the status quo.
- Measures for implementation of CoFT considering consumer safety and convenience.
- Perspective on RBI engagement and ways to strengthen its consultative processes.
